

ENVIRONMENTAL POLICY

Mitsui Components Europe Ltd was established in Ammanford, in 1999 by Mitsui Kinzoku ACT and is a manufacturer of high quality door latches for the automotive industry.

At Mitsui Components Europe Ltd we believe that we have a responsibility to care for and protect the environment in which we operate. We are fully committed to continually improving our environmental performance across all of our business activities, and will encourage our business partners and members of the wider community to join us in this effort.

Mitsui Components Europe Ltd recognises our key impacts to be in the areas of; energy use, waste generation, emissions to water and water use.

Mitsui Components Europe Ltd commits to:

- Adopt the highest environmental standards in all areas of operation, meeting and where possible exceeding all relevant legislative and other requirements
- Assess our organisational activities and identify areas where we can minimise impacts and prevent pollution
- Minimise waste through careful and efficient use of all materials and energy
- Publicise our environmental position to our staff, customers, suppliers and local community
- Train our employees in good environmental practice and encourage employee involvement in environmental action
- Reduce the potential risks and hazards associated with our production process
- Aim to include environmental and ethical considerations in investment decisions where appropriate
- Continually assess the environmental impact of all our operations

This policy will be communicated to all our employees and contractors. The policy will be made available to the public.

Mitsui Components Europe Ltd has a framework for setting and reviewing objectives and targets to continually improve our environmental performance which are regularly reviewed.

This policy will be regularly reviewed.
