

QUALITY POLICY

MCE Ltd. Quality Policy.

MCE Ltd. is committed to the manufacture of products to consistently high quality standards, through meeting the requirements of the TS16949 specification and utilising the principals of continuous improvement.

Our goal is to be the “Best in Class” producer of automotive latch products, setting the highest standards for the industry worldwide. We believe in decision-making based on data and the importance of meeting customer and regulatory requirements. MCE Ltd will provide a framework for establishing and reviewing quality objectives

Finally, we believe that total customer satisfaction is an achievable target, and is reached by fulfilling all present and future customer expectations through product quality, cost reduction and 100% on time delivery.

Policy Statement

Striving to be the “Best in Class” Producer of automotive latch products.
